

We give thanks to our **Physicians, Medical Facilities, Providers, Community partners, and all those who have services and talents to help people in our community with their health care needs.**

The Whatcom Alliance for Healthcare Access expresses its sincere gratitude to the medical and dental providers, clinical and support staff, volunteer interpreters and community partners who so generously give their time, talents and financial support to help all members of our community access affordable care. Since 2006, our community has donated over \$500,000 worth of evaluations, surgeries, medications and other services.

Whatcom Project Access is a partnership of the Whatcom Alliance for Healthcare Access and the Whatcom County Medical Society that helps eligible, uninsured residents of Whatcom County receive donated specialty medical care. Since 2006 our local medical community has donated over \$3 million in medical services to those in need.

Whatcom Project Access Dental began in 2011 and is a partnership between Whatcom Alliance for Healthcare Access and the Mt. Baker District Dental Society. WPAD helps eligible, uninsured residents of Whatcom County receive donated dental care. We give thanks to the dentists who generously give their time, talents and financial support to serve the dental health needs of our community.
